Re: The Dayton Power and Light Company's Response To The South Dayton Dump General Notice of Potential Liability

Dear Ms. Sheppard-Johnson:

The Dayton Power and Light Company ("DP&L") hereby responds to the United States Environmental Protection Agency's ("U.S. EPA") July 18, 2002 General Notice of Potential Liability for the South Dayton Dump ("Site"). At the present time, DP&L is in the process of investigating its records in response to U.S. EPA's information request in this matter. DP&L has also submitted to U.S. EPA a freedom of information request for any and all documents allegedly connecting DP&L to the Site.

Since DP&L is unaware of any hazardous substances going to the Site due to the activity or inactivity of DP&L or its agents, DP&L is not willing to perform or finance the RIFS for the Site. Further, DP&L specifically denies any liability that may be alleged as a result of the Site investigation.

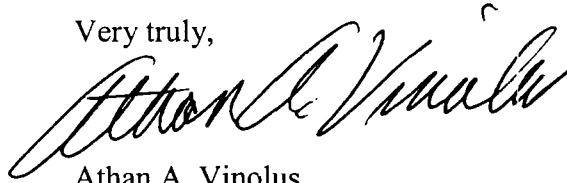

Please send all further correspondence or notices in this matter to my attention at the following address:
